What Makes the Iron Sharpens Iron Conference Unique?

Distinctive #1 ISI Men's Conferences are a resource for local churches offered by an on-the-ground, local ministry that is already serving local churches by equipping them to reach, disciple and mobilize men. This conference is not targeted to individual men but rather to local churches.

Distinctive #2 ISI Men's Conferences give regional visibility to the local ministry as we are a 'network of ministries' and not a national organization. The on the ground local ministry led by local leaders in full time vocational ministry is the key to everything. These local leaders raise their families in the area, know the local turf and are passionate for their region.

Distinctive #3 ISI Men's Conferences are equipping conferences with sixteen different equipping seminars designed specifically for men. The focus is on resourcing men to live for Christ in all areas of life. The seminar topics are specific to men. We do open and close the day with all the men together for a time of masculine worship and exhortative keynote messages from national speakers—but the meat of the day is the equipping seminars.

Distinctive #4 ISI Men's Conferences are for men of all ages. We intentionally offer a resource that promotes and encourages intergenerational ministry. We passionately believe that manhood begins early and that men of all ages need encouragement to finish strong for Christ. We design many of the seminars to be specific to different men in different seasons of life.

Distinctive #5 ISI Men's Conferences are trustworthy. They occur once a year—every year—in the same location and in the same spot in the calendar. The intention of the conference is to be a resource that local churches can trust and depend on. The ISI Men's Conference is a reliable resource that can be added to the calendar of the local church.

Distinctive #6 ISI Men's Conferences are one-day conferences. We begin at 8:30 AM and end at 4:55 PM. Men can begin their day at home and have dinner at the end of the day at home. The registration cost is \$39 and \$29 for students without extensive travel costs and no lodging costs allow this conference model to serve the majority of men.

Distinctive #7 ISI Men's Conferences are "live". There are no webcasts, simulcasts, telecasts, or videotaped portions of the conference.

Distinctive #8 ISI Men's Conferences are Christ-centered and are a resource to different churches across different denominations. The conference is intentionally a 'safe place' where denominational distinctives are not emphasized but rather there is an emphasis on the unity we have because of the life, death and resurrection of Jesus Christ.

Distinctive #9 ISI Men's Conferences are "national" men's conferences. The ISI conference network reaches out to churches all over the nation. Each conference features national ministries and resources that are specific to men and church-based ministry to men.
